

April 11- 18, 2020

Hey All,

Happy Sabbath!! I bet many of you are excited to do homeschool for the rest of the year. This week please keep in your prayers the teachers who miss their students, kids who miss school, kids who do not have a safe home, and your family as they are now the instruments of your education. With the sunshine this week, we have enjoyed doing last week's challenges. This week's Sabbath School lessons are on 'Walking with God' and 'Building Community when we use God's gifts'. I highly recommend both the Earliteen and Junior lessons this week. They are both very self-reflective and great lessons you can do with your family.

Here are your new challenges. Remember to pray every day. Try to pray more than once a day.

Day 1: Think about our Sabbath School class as a community. How do you use your talents to help build our community? How does this tell others about Jesus? Journal your thoughts, share with your parents, or send me a text. [Read Matt. 22:37-40](#)

Day 2: Color the post card I sent home with you. Send it to someone, it can be anyone you wish. [Read Ruth 1.](#)

Day 3: Go outside. Find a flower. Look at how complex it is created. Draw a picture and write one of the verses in the reading on your picture. Either take a picture of it and share with a friend via internet or text or send the list via mail. [Read Psalm 139.](#)

Day 4: Write an encouraging letter to someone in your address book. Reach out to someone you may not normally write to. [Read 1 Thessalonians 5:10-28](#)

Day 5: Go for a 15 minute or longer walk. Imagine you are walking with God. Have everyone walking with you have a quiet time to avoid. Talk to God during your whole walk. You can talk to him out loud or in your head. Thank him for nature, your family, and many other things that you wrote on your list last week. Tell him about your day, your week, what worries you, what makes you happy, etc. [Read Micah 6: 8 and Amos 3: 1-7 & Sing 'Trust and Obey'. You can look up the words and music on the internet.](#)

Day 6: Call a friend from your pen pal group. Tell them favorite activity for the week from the Bible Challenge, from school stuff, and plan something to do together when we can meet again. [Read 1 Thessalonians 4: 13-18.](#)

Day 7: Happy Sabbath!!
